

At IBPF our highest priority is the health and wellbeing of our clients, staff and community. IBPF is taking an approach that is **regulatory compliant, sensible, and respectful**. We can all play a part in minimising the spread of the Coronavirus and keeping the **vulnerable safe**.

At this stage, Allied Health is an essential service so **IBPF will remain open throughout this final phase of the pandemic**.

We expect to see many appointment changes due to staff and client isolation requirements, but if **everyone is flexible we will get through this together**.

### **IBPF COVID-19 Safety Plan:**

- Staff and clients **to wear a surgical mask** 🧐
- Staff and vulnerable, **high risk clients (e.g. unvaccinated and immunocompromised) may need to wear N95 mask**
- **Staff are fully vaccinated** 💉
- Staff have completed "**COVID 19 Infection Control Training**" by the Dept. of Health
- Clients are required to **check in** via the SafeWA, ServiceWA app or paper based contact register
- All staff and clients are **screened with a questionnaire and thermal temperature check**
- **Cleaning** is based on Government Guidelines with the addition of surface sanitising spray that lasts up to 30 days 🧴🧹
- Everyone to practice good hand and sneeze/cough **hygiene**
- All **gym members/users must be double vaccinated**, use a towel on equipment and wipe equipment down before and after use
- **Social distancing**
  - No shaking hands
  - **Telehealth**
  - **Reception traffic minimised**
    - All gym members to use 24/7 gym entrance
    - Group participants and seniors to go straight to exercise rooms – bypass reception
    - Non clients to wait outside
  - **High risk clients** may also be offered **segregated waiting/therapy rooms or telehealth**

We will monitor this situation closely and keep you updated.

Our primary goal is to slow the Omicron spread and keep our community safe 😊

If we can assist you in any way please don't hesitate to call us.
